A close-up photograph of a brick wall. The bricks are reddish-brown with a rough, textured surface. They are laid in a standard running bond pattern. The mortar joints are a light, sandy color. In the bottom right corner, there is a text overlay in Russian and English, with some words in yellow and others in white.

Red rock (HF12)

240x71x10 мм, 48 шт./м²

Цена: 3975 руб.м/2

HF10 Purple rain

The image shows a close-up of a brick wall. The bricks are rectangular and laid in a traditional running bond pattern. The color of the bricks is a rich, earthy brown with a 'purple rain' effect, which means there are darker, almost blackish-purple streaks and spots across the surface of the bricks, giving them a weathered and textured appearance. The mortar joints between the bricks are a light, off-white color.
